

KYO. Design: PearsonLloyd.

Appreciated and desired for generations: bucket seats are the ultimate in good taste and are genuine cult objects. Elegant lines, soft curves – Kyo safely envelops its owner. Striking seams structure the upholstery – sweeping and elegant like the seats of a sports car. Its shell ensures exceptional seating comfort. With a slight swivel action on the four-star base or the tubular steel base; the variant with a five-star base and castors ensures all-round freedom of movement.
