LOCKERS

MONTANA ACADEMY

Table of contents

Designed to last

The Montana Locker system is versatile contract furniture which can be modified for every project, arena and office.

Montana Locker system has all the marks of Montana's unique DNA and the high quality you would expect.

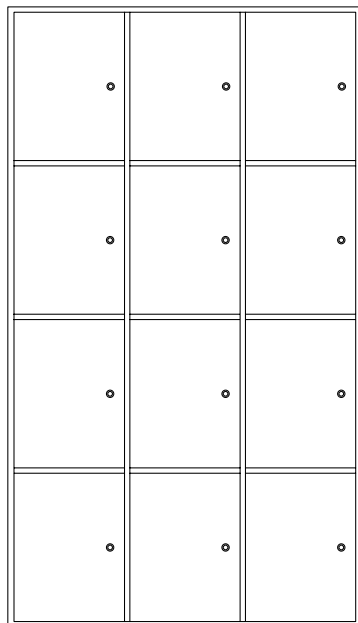

A system with endless possibilities

Montana Lockers are smart personal storage solutions that maximise the space and functionality of a locker and support all the benefits of a flexible environment.

Montana Lockers can be adapted to suit any kind of office, gym, or schools as well as other types of public activity spaces.

Montana Locker

Colours

Montana works closely with suppliers when developing new types of lacquer and processing the surfaces in the best possible manner.

Montana uses water-based lacquers, which does not contain formaldehyde, and the emissions of volatile organic compounds are reduced to a minimum which is below the threshold values of the EU's VOC directive.

41 Lacquer colours

Components & positions

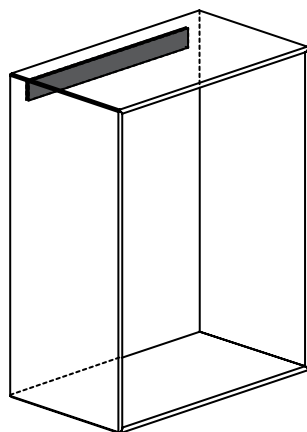

The lockers can be mounted on the wall or on a plinth, different locking solutions and mechanisms can be embedded. The lockers can be applied with decal numbers placed either vertically or horizontally. Height of each individual number is 3 cm.

The doors of the lockers are available as standard or as doors with a mail slot function. Locker modules can be fitted with a key-operated or electronic battery operated lock.
